Abstract (en)
[origin: EP1408159A2] Guiding and stopping element for traffic comprises a warning sign (12) hinged on a base plate (10). The warning sign has at its bottom end (18) a spring-mounted snap-in ball (26) partly protruding over the bottom end and arranged in a housing (28) open on one side. The base plate has a recess for the snap-in ball. Preferred Features: The base plate is a plastic molded part, preferably made by pressing or injection molding, and consists of a base part (42), two sides (44), and a bearing bridge (46). The warning sign is a plastic blow-molded part.
