Abstract (en)  
[origin: WO0142968A1] An apparatus and method for dispensing and verifying gaming tickets includes an instant ticket dispenser (30) for dispensing an instant gaming ticket (32) to a player at a request of the player, and a printer (50) for dispensing a lottery ticket to the player at a request of the player. A ticket checking device (70) is capable of determining whether either the instant gaming ticket (32) or the lottery ticket is a winning ticket based on information on the instant gaming ticket (32) or the lottery ticket read by the ticket checking device (70). The ticket checking device (70) may also include a separate instant ticket checking device (72) and a separate lottery ticket checking device (74).
