Abstract (en)

[origin: EP1411176A1] The ground anchor, to secure a tie rod (5) and the like, is screwed into the ground using a modular anchor section (12) and an anchor point module (20) with the anchor point (14). The screw (32) is in at least one separate module (30). A spacer module (40) is inserted between the screw modules. All the modules are secured to each other by identical locks with openings (34) and claws (36).
