Abstract (en)
A back panel (20) extends from a fold line (14) of a base panel (12) while a side panel (22) extends from the fold line (16) of the base panel. An overlap panel (24) is provided between the back and side panels, and has at least a portion folded behind one of the back and side panels. The base, back, side and overlap panels are formed from a continuous sheet of material. Independent claims are also included for the following: (a) a blank for forming a cavity tray; and (b) a method of forming a cavity tray from a blank.
