Abstract (en)  
[origin: WO03019694A2] The invention relates to a method for producing particle-free solutions of polymer semiconductors and to the use of the same for producing layers of polymer semiconductors in polymer organic light-emitting diodes (PLEDs), organic integrated circuits (O-ICs), organic field effect transistors (OFETs), organic thin-film transistors (OTFTs), organic solar cells (OSCs) and organic laser diodes (O-laser).
