Abstract (en)

[origin: EP1424457A2] Support device (10) to anchor enhancing panels (25) on walls to be enhanced (13) in order to make ventilated walls. The support device (10) consists of a box-like element (16) able to be positioned on the wall to be enhanced (13), and has at least an insertion compartment (51) that cooperates with support and positioning means (21) attached on the rear of the enhancing panel (25). <IMAGE>
