Abstract (en)
[origin: WO03022597A1] Method for producing an object of value (1), and objectd of value (1). The invention proposes producing an object of value from a sheet-like piece of metallic material. This sheet-like part is provided with an image on at least one side. This image (2) is applied with the aid of a die. The information on the die can be obtained with the aid of a laser technique by forming pits therein.
