Abstract (en)

[origin: WO03035056A1] The invention relates to the use of at least one liponic acid, a physiologically acceptable derivative or salt thereof and at least one glutamine, a physiologically acceptable derivative or salt thereof, as a food adjunct, in functional foods and for therapeutic purposes, namely the treatment of particular disturbances caused by a glutathione deficiency. Means with an appropriate combination of active ingredients and means in the form of commercial packages, with appropriate combination preparations or single preparations for combined use are disclosed.
