Abstract (en)

[origin: EP1444930A2] The curtain holders have a profile section (10) with each holder (50) having two wall sections (20,30). Along the length (11) of the profile sections are inserts (21) in the horizontal direction and which can not be moved and provide support in the vertical direction. The rear side (12) of the profile section has a reversed wall section. The holder is identical in its horizontal middle edge and can have swapping parts.
