Abstract (en)
[origin: EP1445123A2] The object (10) can be made of crystal glass or of a specifically produced double layered glass, tinted or clear in order to create a valuable impression. A text, a picture or an ornamental pattern can be applied to the front (17) or, in the case of the twin layer device, in the space between the layers. The shape (10) can represent a whole ski or the tip of a specific version of a ski. There can also be additional features like ski poles or other related items made of a different material.
