Abstract (en)

[origin: EP1449956A1] The subject invention relates to a synthetic fiber fabric having translucent printing (dyeing) patterns thereon. The subject invention also relates to a process for producing a synthetic fiber fabric having translucent printing (dyeing) patterns thereon, which includes a printing step prior to an etching step, wherein the printing step includes printing a paste for dyeing and/or printing containing a transparent printing developer onto a surface of the fabric.
