Abstract (en)

[origin: WO03047061A1] The invention relates to an array for passing a cable through a housing wall, comprising means for fixing the cable to the housing wall, wherein a bore corresponding to the diameter of the cable is configured in the housing wall. According to the invention, the bore (14) is provided with an insertion notch (23) and a spiral rib (26) is configured inside the bore (14).
