Abstract (en)  
[origin: WO03053796A1] An article carrier and blank for forming an article carrier for accommodating one or more articles comprising a plurality of panels for forming an outer carton (O) and an article support structure (A) that is slidable within the outer carton. A reclosable cover flap (C) is hinged to one (18) of the panels forming the outer carton, wherein the support structure (A) is secured to the cover flap (C) and is slidable in response to moving the cover flap thereby to reveal the article through an opening in the outer carton made by the cover flap.
