Abstract (en)

The present invention relates to a self-adhesive label for cosmetic products in general and, in particular, for small surface cosmetics vessels, which comprises a base layer having, on a bottom face thereof, a self-adhesive material layer. <??>On the base layer is further applied, through the interposition of a removable adhesive layer, a top layer which can be at least partially removed and re-applied on the base layer to render the top face of the base layer at least partially visible. <IMAGE>
