Abstract (en)

The use of fibers covered with one or more optical brightening agents in a nail varnish composition to give the deposit obtained after application of the composition and homogeneous and/or regular appearance and/or to camouflage imperfections and/or to give a good hold and/or mechanical resistance and/or to give a nail reinforcing effect and the compositions themselves. An independent claim is included for a cosmetic makeup or non-therapeutic nail care procedure consisting of applying the claimed composition.

Abstract (fr)

L'invention a pour objet une composition de vernis à ongles comprenant, dans un milieu cosmétiquement acceptable, des fibres recouvertes d'au moins un azurant optique.
