Abstract (en)

[origin: EP1459958A2] The steering wheel has a mounting component (3) on the steering wheel frame (2) for the attachment of accessory items and is fixed by the steering wheel's foam cladding (4) and protrudes out of it. The mounting component at least partially encloses the steering wheel frame at one point. The mounting component in the region of the steering wheel frame is U-shaped or L-shaped, or may be flat. The mounting component is provided on a spoke of the steering wheel.
