Abstract (en)

[origin: WO03050767A1] The invention concerns a method for acquiring and validating an access ticket to an event, a service, a reservation or a transport ticket which consists in: distributing by any material medium said ticket, provided with a specific identification identifying said medium exclusively; validating said medium in connection with a specific event, a specific service or with a specific transport, said validating step consisting in associating with said support the reference(s) concerning the event, the service or the transport concerned.
