Abstract (en)

[origin: EP1470896A2] An improved design of fuel powered nail gun has a single replaceable magazine (21) holding the fuel charges (20) plus a battery (40) for powering the control system, ventilator etc. The battery is secured by clips (43), adhesive or any other suitable means. The capacity of the battery is matched to the capacity of the fuel charges. The battery can be disposable or can be recycled with the fuel charge, e.g. rechargeable.
