Abstract (en)

[origin: WO03057847A2] The invention relates to antisense oligonucleotides, compositions and methods useful for modulating the expression of ENaC-beta. The compositions comprise antisense oligonucleotides targeted to nucleic acids encoding ENaC-beta.

[origin: WO03057847A2] The invention relates to antisense oligonucleotides, compositions and methods useful for modulating the expression of ENaC-beta. The compositions comprise antisense oligonucleotides targeted to nucleic acids encoding ENaC-beta.
