Abstract (en)

[origin: EP1484261A1] The sealable lid (1) for especially a salt or pepper pot has a sealing component (20) movably installed on the lid and closing off the opening (11,15). The sealing component has an originality seal connected to it by a film hinge. The sealing component is movably guided in a slot (10) located on the surface of the lid and lockable within the slot in at least two positions. Openings with different sizes are provided on the lid in the region of the slot. The originality seal has tab (45) so that it can be lifted.
