Abstract (en)
[origin: US7604207B2] A tripod has an extensible strut for improving the stability thereof by tying the strut to a sturdy object. In another aspect of the invention, a method of using a tripod includes attaching the tripod to a sturdy object. In another aspect of the invention, a novel caster wheel mechanism permits easy relocation of the tripod. In another aspect of the invention, a multi-function support is provided. In yet another aspect of the invention, a tool rack is provided supported by the tripod.
