Abstract (en)  
[origin: EP1493880A2] The floor strip comprises a base profile (2) with two spaced vertical arms and a cover profile (4) engaging thereon. The vertical arms (7, 8) of the base profile and those (14, 15) of an intermediate adapter (3) have the same external dimensions and their intermediate spacing (27) corresponds to the width (28) of the arm (16) directed down from the adapter. The cover profile in its lowest position on the adapter engages with arms (26) both the vertical arms of the adapter and those of the part underneath.
