Abstract (en)

[origin: WO03103897A2] The invention relates to an insert tool comprising an attaching unit (10) for a machine tool (12), particularly for a hand-guided angle grinder, and comprising a drive device (14). When the insert tool is in an operating position, the attaching unit (10) comprises at least one detent element (16, 18, 20), which is provided for fastening while being oriented towards the drive device (14).
