Abstract (en)

A brewing apparatus including a housing having a movable lid and a brewing area under the lid; a hot water heater connected to the housing; a water pump connected to the hot water heater; a controller coupled to the hot water heater and the pump; and a switch connected to the housing and adapted to be actuated by a user movable member. The switch is coupled to the controller. The controller is adapted to discontinue heating by the heater when the switch is moved to a deactivated position. <IMAGE>
