Abstract (en)

The process comprises, after a process initialisation stage, a stage of selection of the desired contents, preferably by means of a touch screen, together with a language selection stage and combined with a stage for receiving contents from an introduction means unit, then continuing to a cost indication stage followed by a stage for payment by different means of payment, alternatively passing to a time expiry and finalisation stage or else to a relevant information stage and a stage of delivery of the contents to a mobile telephone or the like. <IMAGE>
