Abstract (en)  
[origin: US2006110473A1] The invention discloses a composition containing radix Codonopsis pilosulae and radix Astragali and hedysari, The main component is made from radix Codonopsis pilosulae and radix Astragali and hedyari in certain rate. The invention also discloses the method of producing it and the use for producing immune system-regulated agent and these medicaments for treatment of ischemic heart disease or acute pulmonary damage.
