Abstract (en)
The medium has a mask forming component constituted of a transparent film (15) with its lateral extension interposed between a lateral extension of a support forming card (14) and lateral extension of a mask (23). The film presents a cutting outline that corresponds to a contour of a zone to be masked. The mask is formed on a face (19) of the film whose another face (17) is adhered to the card. An independent claim is also included for a method for formation of a mask forming component.

Abstract (fr)
Support à gratter comportant une feuille (14) possédant au moins une zone à masquer sur laquelle est imprimée une information (9), et un masque (23) constitué d'un marquage grattable recouvrant au moins chaque zone à masquer, caractérisé en ce que ledit support (1) comporte un film transparent (15) interposé entre ladite feuille et ledit masque, ledit masque étant imprimé sur une première face (19) dudit film transparent, une deuxième face (17) dudit film transparent étant collée à ladite feuille.
