Abstract (en)
[origin: FR2843400A1] A composition comprising: (a) an alkaline earth metal hydroxide; and (b) a mixture based on 1 - 95% wt. of beta-dicarbonylated compounds and 5 - 99% wt of by-products, the mixture being obtained from the products of condensation of an ester and a ketone in the presence of an alkali. Independent claims are also included for the preparation of the composition and its uses.
