Abstract (en)

[origin: FR2864822A1] The package has body with two main opposed sides (14, 15) and two lateral opposed sides (11, 12). A precut line with a closed contour allows opening of the package. The precut line has two straight lines arranged in the sides (14, 15) and parallel to the bottom (17) of the package. The closed contour defines, after separation, an independent additional box presenting a closing flap (29).
