Abstract (en)

[origin: WO2004039629A1] The invention relates to an air vent, especially for a motor vehicle, comprising a housing (12) in which a drinks holder is provided. Said air vent is characterised in that a compartment (18) is provided for receiving a container (20) which is closed at one end, in a standby position, by a lowerable lid (24), and in that said receiving compartment (18) comprises an air vent opening (14).
