Abstract (en)

[origin: WO2004042155A1] A waste trap, typically for a shower, comprises a body defining an inlet and an outlet and a tube extending from the inlet into the body. The tube is removable from the body through the inlet to facilitate cleaning of the trap. A sleeve is located within the body for cooperation with a lower end of the tube, the tube and sleeve in combination forming a water seal within the body when in use.
