Abstract (en)

[origin: EP1566786A1] Label comprises a strip-like base layer (3), a self-adhering coating formed partially on the lower side of the base layer, and spacers (4) joined to the base layer and extending only over a part of the extension of the label across the dispensing direction. Preferred Features: Three spacers are provided and are arranged one behind the other. The spacers are made from a foamed material. The base layer is partially transparent. The spacers are joined to the base layer via the self-adhering coating.
