Abstract (en)

[origin: EP1568651A2] Operating arrangement for a mobile work machine, e.g. an industrial truck or ground conveyer, comprises a multi-function control lever (1) that can be mounted on the work machine if desired. To this end a fastening device (3) is provided that attaches a single control lever to the machine. At least two-different size control levers are provided for carrying out the various machine operating functions.
