Abstract (en)
[origin: FR2848232A1] The structure (1) has a set of planks (2) that are parallel among themselves and arranged edgewise (3) with their longitudinal axis parallel to a plan (P) of the structure. The planks are oriented in a direction of source zone and separated from one another by a free space (4). Bands of acoustic absorbents are positioned in a parallel way to the plan of the structure on opposite edges to the source zone of the planks.
