Abstract (en)
[origin: EP1574276A1] The table has a base (10) defining a work plane, and two supports (13, 14) with wooden rods having constant transversal section. Two grooves (16, 17) are formed on a side of the base for receiving the supports. The grooves are made in different side rails (21, 22) of a frame (20) that delimits an empty space (23). A spacer integrates a bar, including a handle, with a side of the side rail (21).
