Abstract (en)
An orbital sander (10) having a housing defining an axis (13). A motor (14) and output with a sanding element are aligned on said axis (13). The housing (12) includes a power source (28) as well as an activating member (30) to energize and de-energize the sander (10). A handle (26) is spaced from the housing (12) and is substantially parallel to the axis (13). Further, additional gripping members (22,24) may be positioned on the housing (12) to provide multiple gripping surfaces.
