Abstract (en)

[origin: EP1586368A1] Machine for preparing creams from among machines that prepare creams automatically, comprised of monitor with a screen keyboard, printing means, transmission means for remote knowledge of the state, and a microprocessor for controlling the machine, aided by field sensors. The machine is provided with a double set of spindles, controlled by an encoder with two sensors, a double set of revolving drums controlled by an encoder and a zero-position Hall effect sensor, a beater provided with an encoder, a beater arm and a series of closing clips that seal each of the cartridges.
