Abstract (en)
[origin: WO2004066789A2] A pallet display comprising a four way pallet on which the merchandise is supported in two or more layers. Two or more pallet displays can be stacked for storage and transport. The permanent base may comprise a metal frame which can be covered by a base wrap containing graphics relating to the merchandise on display. The base wrap can be folded and is stored and transported with the pallet display. Additionally, the base can include cut-outs for forklift arms that allows the pallet display to be moved after the base wrap can include cut-outs for forklift arms that allows the pallet display to be moved after the base wrap is applied.
