Abstract (en)

[origin: DE102004022023B3] The system has a housing with a floor plate in the form of a stamped part and a base (2) with lateral frame and/or housing parts and a standing surface for accommodating the machine (1). The base also has a floor plate in the form of a stamped part and the floor plates of the machine and the base are of identical shape. An independent claim is also included for a method of manufacturing an inventive system.
