Abstract (en)  
[origin: DE10310527A1] A procedure for initiating and/or carrying out a transaction, especially a monetary transaction, in which at least two of the transaction parties communicate data to the dealings authority, and that this data contains features which allow mutual assignment of the declaration of will and that the initiation of the data communication to these transaction parties follows actively through the transaction parties and not through the dealings authority, : An independent claim is included for a system for initiating and/or carrying out a monetary transaction.
