Abstract (en)

[origin: EP1604880A1] The double deck railway carriage has a side corridor in the single deck section lying directly at the level of the entry and exit platform (6), and in the double deck section (4) is lowered to the floor level (8a) of the bottom deck. Steps (9) are installed between the different level planes, and the compartments (13a,13a') located in the bottom deck (8) are positioned at right angles to the direction of travel. Stairways (14) with straight steps are located at right angles to the direction of travel between the compartments after the single deck section.
