Abstract (en)

A shoe (10) comprises a sole (11) and an upper positioned above the sole and having a height so as to cover up to an ankle. The upper comprises a lower upper (12) including a tongue for covering an instep, right and left side parts (14a,14b) having a height so as to cover an anklebone and gradually reduced in height backward, and a rear part (17) which connects the right and left side parts (14a,14b), and a higher upper (20) having a height so as to cover the ankle from a position in which an upper region of the lower upper is overlapped, one end connected to the right side part (14a) of the lower upper (12), a middle region partially and sequentially overlapping with the right side part (14a), the rear part (17) and the left side part (14b) of the lower upper (12), and a fixing part (27) connected to the left side part (14b) and detachably connected to a hook and loop fastener (34) of the higher upper (20).
