Abstract (en)  
[origin: EP1617010A2] Light shaft (21) made from plastic has a casing surface which is two-dimensionally curved up to the lower region. An independent claim is also included for a plastic cap for the light shaft. Preferred Features: The light shaft is curved and is semi-circular in the upper region. The light shaft has a peripheral flange lying on the building wall. A seal is arranged in the flange. The light shaft has fixing devices.
