Abstract (en)  
[origin: EP1621698A2] The covering has cladding tiles (1) with noses projecting towards the rear on entire width of the tiles. The tiles are attached to U-shaped vertical posts. U-bottom of each post is cut to form hollow hangers (23, 24) penetrating in the noses. The cuts in the U-bottom permit fixation of elastic units supporting rear sides of the tiles. The upper end of each hanger is covered by a profile (30) made of an elastic material.
