Abstract (en)  
A body hair treating implement (1) includes two opposed comb tooth plates (23,24) each having a plurality of comb teeth; an electrical heating wire (27) which extends between the comb tooth plates (23,24), and that is arranged to generate red heat due to electrical power supplied thereto, and to burn and cut body hair combed with the comb teeth; and a illumination device (17) for illuminating front of the comb tooth plates (23,24) and the inside thereof when the body hair is being burnt and cut by the electrical heating wire (27).
