Abstract (en)  
[origin: WO2004104744A2] A method of providing an account is provided. The method includes receiving identification information associated with a user during a communication session. The method further includes communicating a request for credit information, wherein the request includes at least a portion of the identification information. The requested credit information is received and an account is approved based at least in part on the received credit information. The account is opened and access is provided to the opened account during the communication session.
