Abstract (en)
[origin: DE102004041034A1] The combination has a toilet seat (2) and a toilet cover (1) each including a retainer in a rear section. A hinge-joint (6) has a stud section that fixes the hinge-joint at a toilet basin and an axial section, on which the seat and the cover are pivotably supported. Dampers are fixed on the basin by the stud section. The dampers include axial sections, which form the axis of rotation for the seat and the cover.
