Abstract (en)

[origin: EP1630517A2] A toy projectile (20) includes a generally tubular first cylinder (22) having an inner surface and an outer surface, and an integral second cylinder (24). The integral second cylinder (24) includes a first end having a suction cup (40) and a generally tubular second end having an inner surface and an outer surface. The outer surface of the second end of the second cylinder (24) contacts the inner surface of the first cylinder (22).
