Abstract (en)
An apparatus for producing a road marking (8) from a permanent marking material (2) on a road surface. The apparatus comprises a tank (1) for storing the permanent marking material (2), and means in connection with the tank (1) for heating the permanent marking material (2) in the tank (1) to a liquid form. The apparatus also comprises at least one nozzle (6), through which the permanent marking material (2) is sprayed onto the road surface (7), and means for spraying the permanent marking material (2) through the nozzle (6) onto the road surface (7).
