Abstract (en)
[origin: WO2005005428A1] The invention relates to hetaryl-substituted pyrazolidindione derivatives of formula (I), in which Het, A, D and G have the meanings cited in the description, to a number of methods for the production thereof, and to their use as pesticides and/or herbicides. The invention also relates to selective herbicidal agents that contain hetaryl-substituted pyrazolidindione derivatives and a compound that improves compatibility with cultivated plants.
